BOARD BILL 2.08: An Act to Hire Demirhan Celik as Frontend Developer for the 2025-2026 Academic Year

WHEREAS: Demirhan brings a strong foundation in software engineering, data structures, and algorithmic design—supported by rigorous coursework in Software Design & Implementation, Linear Algebra, and CSE Research—skills directly aligned with the ASUW Frontend Developer’s responsibility to build robust, maintainable, and scalable digital systems; and,

WHEREAS: In his role as a Backend Software Engineer for Husky Hold’em, Demirhan developed secure authentication systems, administrative management tools, and real-time analytics APIs—demonstrating practical experience in full-stack development and backend architecture that directly supports ASUW’s mission to deliver secure, high-performance online services; and,

WHEREAS: Beyond technical expertise, Demirhan has exhibited leadership and collaboration skills through roles such as IT Manager for the MFINUE Conference and Vice President of the Saint Joseph Internet Club, successfully coordinating technical teams, ensuring near-perfect uptime, and implementing systems serving hundreds of users—demonstrating the communication, reliability, and organizational strengths essential to ASUW’s collaborative environment; and,

WHEREAS: Through his academic achievements, research contributions, and leadership across diverse teams, Demirhan consistently approaches engineering with a balance of technical precision, user empathy, and creative problem-solving, making him exceptionally well-suited to enhance ASUW’s web presence, ensure accessibility, and contribute to a seamless, inclusive, and high-performing digital ecosystem.

THEREFORE, BE IT ENACTED BY THE ASSOCIATED STUDENTS OF THE UNIVERSITY OF WASHINGTON BOARD OF DIRECTORS

THAT: Demirhan Celik be hired as a Frontend Developer for the 2025-2026 Academic Year; and,

THAT: A copy of this bill be forwarded to Demirhan Celik, Frontend Developer, and Christina Coop, SAO Advisor.
